As a vital educational resource for all South Carolinians, the State Library's programs and services have the potential to impact all information seekers. Today's extremely high-tech, fast-paced information climate makes it critical that citizens have access to information that leads to informed decision-making. The State Library provides such, not only through direct delivery of services and resources (print and electronic), but also through indirect delivery of information through a well-established and intricate partnership with public, K-12, and academic libraries across the state.

E. Agency Recurring Base Appropriation:

State \$ 12,597,035
Federal\$ 2,398,034
Other \$ 130,000

F. Efficiency Measures:

The State Library has a proud tradition of providing quality customer service. Agency activities are described on pages 11-40 of the agency's Accountability Report at web site <http://www.state.sc.us/scsl/pubs/acrepind.html>.

Sixty percent (60%) of the agency's state funded budget is appropriated to provide aid to public libraries, fourteen percent (14%) is designated specifically for rents paid to the Office of General Services, twenty-two percent (22%) is needed for salaries and fringe benefits, leaving only four percent (4%) for all other agency operating expenses.

Ever cognizant that its actual operating budget is extremely inadequate, the State Library weighs each expenditure against how it impacts the agency's overall ability to meet its mission and goals.

The agency has four FTE vacancies that cannot be filled due to the current funding levels. Were it not for federal guidelines that allow the agency to fund, with federal dollars, specific programs and services that directly benefit the state's citizens, the State Library budget situation would be considerably more dismal.
